Get on with life!

Yard Vac: Portable manure collection.

Greystone's Yard Vac is a three wheel, push around manure vacuum, great if you do not have a tow vehicle and have fairly flat paddocks to clean.

Powered by a Honda 25cc 4 stroke motor you have powerful vacuum capability coupled with Honda reliability. Greystone also have Honda warranty approval worldwide.

You can vacuum in all conditions wet or dry as whatever you vacuum is dumped straight into the quality Australian made plastic body.

Long or short grass is not a problem, even if you cannot see the manure you will hear it travel up the 4-inch or 105mm diameter collection nozzle and stand the grass back up again. No more stale patches of pasture with quick and easy manure removal.

Another quality Greystone product that has genuinely been built to last, and is perfect for vacuuming all sorts of manure.
